After your transfer from the hotel to the Split city center, you will meet your private guide and step inside the UNESCO World Heritage Site Diocletian's Palace, one of the world's most impressive Roman monuments built for the Roman emperor Diocletian at the turn of the fourth century AD. Wander through the still very lively narrow streets inside the palace, explore the grandiose palace cellars, the 4 palace gates, the Jewish Ghetto, rub the toe of the Grgur Ninski statue and learn more about the fascinating history of the city and the infamous Emperor. Your history lesson will continue with a visit to Salona, the capital of the Roman province of Dalmatia some 2000 years ago, and one of the five largest cities in the entire Roman empire. Explore the large Roman amphitheater which was fit for a city of 60.000 at its peak, Manastirine, a necropolis that was used from the 2nd century BC until the destruction of the city in the 7th century, and many other sites within this live archaeological park. Your next destination is Trogir, a small island town that was founded by the ancient Greek settlers in the 3rd century BC. Trogir is an excellent example of a medieval town built on and conforming with the layout of a Hellenistic and Roman city that has conserved its urban with the minimum of modern interventions, earning it the status of a UNESCO World Heritage Site. For centuries, Trogir was a place where numerous artists left their mark, leaving an imprint inside the city's soul.
