Private Tour of Achilleion Palace and Theotoki Estate

Your tour will commence with a scenic drive to the impressive Achilleion Palace, commissioned by Elizabeth of Austria who chose to take refuge from the obligations of the Hapsburg court on Corfu. Accompanied by a local guide, you will discover the fascinating world of Achilleion, and its magnificent gardens sweeping down to the sea. Your next destination is the Theotoky Estate, located in the Ropa Valley, in the center of the Island, 20 km from Corfu Town. This 300-acre estate has been in the family for many generations, as Theotoky is one of the oldest families in Greece. Covered almost entirely by pine trees, olive trees and vineyards, it is one of the few ecological and peaceful spots that still exist. The locally famous Theotoky red and white wines are produced on the estate as well as olive oil. The estate also has many farm animals such as sheep, horses, cows and donkeys that run freely and are attended to by the owner personally. You will have the opportunity to tour the winery and olive oil refinery and complete the day with a typical Greek meze* style snack of local produce grown on the estate with a glass of wine.

Day 10

Private Cruise to Smugglers Cove and Highlights around the Island

Your driver will meet you at the hotel and transfer you to the main harbor of Zante town, where you will step on the cruise boat for an unforgettable island exploration experience together with your guide/escort and professional crew. The boat will cruise past the residential area of Krioneri, the resort areas of Tsilivi, Alykanas and Alikes, up to Skinari, the most northern part of the island, where you can see the lighthouse. Also, just off the port of Agios Nicholas in Skinari, there is a small island in the shape of a turtle, officially belonging to the Vatican as it was not ceded to Greece along with the rest of the Ionian Islands in the 18th Century. You will also be able to see Kefalonia island from this location.

Continuing, the boat sails fairly close to the famous Blue Caves discovered in 1897. This area is also the deepest part of the Mediterranean called the Well of Ionyssos, about 4,500 meters deep. You will then continue on to the Smugglers Cove, where the wreck of the ship "Panayiotis" can be seen, and a stop for a wonderful swim in the crystal clear waters. Smugglers' Cove is only accessible by the sea. You will continue the tour passing by the West coast and reaching the famous Keri Caves. The Blue Caves, the Bat Cave, the Seal Cave and several others, were created by the erosion of the rocks.

The two conical huge rocks which bounce from the crystal blue waters in Keri are called the Small & the Big Mitzithra. Depending on the weather, you will be able to make one or two swim stops in this area. Across the Laganas Bay and passing the beautiful beaches of Vassilikos, the boat will return to the port in the afternoon after which your driver will transfer you back to the hotel.
